# Learn for Fun

## 2026

### Term 3

Atwea College

Learning

done differently

## Who we are

Atwea College (formerly WEA – Hunter) is one of the largest providers of community-based adult learning in NSW. No matter who the client is, Atwea's aim is to enhance people's lives by delivering quality learning, accessible to all.

**Integrity**

**Innovation**

**Inclusion**

Our mission is to continuously improve our services in accordance with our values to respond to learner's needs.

Our vision is to provide quality and accessible learning opportunities that enhance people's lives and unlock potential.

## What is Learn for Fun?

From French Beginners, to Tai Chi, our Learn for Fun short courses may be just what you've been looking for. Located across our Hunter and Mid North Coast campuses, if there's an area you've been wanting to master, we have a range of courses to suit different interests.

This term, we are offering courses in:

- Languages
- Craft and Hobbies
- Creative Arts
- Wellbeing

**Visit our website now!**

Atwea College acknowledges the value of diversity our collective brings to us. A successful society is made up of many threads in the fabric we weave and we welcome people from all backgrounds, cultures, genders, age and orientation to help us make that success possible.

# Our Strategic Plan

At the heart of our organisation is a commitment to empowering people, strengthening communities, and creating opportunities for all. Our Strategic Plan outlines the priorities that will guide our work and ensure we continue to make a meaningful difference where it matters most. Built around four strategic pillars, the plan reflects our vision for the future and our dedication to delivering inclusive, responsive, and impactful services that help individuals and communities thrive.

## PEOPLE

Empowering our workforce and students through cultural alignment to drive growth and achievement.

## COMMUNITY

Strengthening our impact to promote educational empowerment and civic engagement.

## PARTNERSHIPS

Building and nurturing strategic partnerships to fuel collective advancement and innovation.

## SUSTAINABILITY

Advancing environmental and financial sustainability to ensure long-term resilience and impact.

Atwea College acknowledges the value of diversity our collective brings to us. A successful society is made up of many threads in the fabric we weave and we welcome people from all backgrounds, cultures, genders, age and orientation to help us make that success possible.
